

# Ezell- Morgan Construction

**Today's discerning homebuyers are looking for ways to reduce energy costs and enhance the value of their most important financial investment—their home. Ezell-Morgan is the leader in the construction of energy efficient, sustainable homes in Lawrence and Douglas County. We have committed to build all our homes to the rigorous guidelines demanded by ENERGY STAR. This places Ezell-Morgan at the forefront of the homebuilding industry that continues to experience dramatic changes in building codes, technology and materials. Finding a competent and knowledgeable contractor is more important today than it has ever been. Let us demonstrate why our expertise is vital to your construction project.**
